Post Reunion Message from your Vice President Michael Abraham

Labor Day Weekend 2010, we met once again, this time in Huntington, West Virginia. Food, dancing, and relationships once again dominated the weekend as we gathered as one to celebrate our families, our heritage and a legacy, which is second to none, and yes, a true American success story. A success in we have met for last 78 years, a success in carrying on the traditions our loved ones have given us and a success in building on true relationships that have been part of our very existence all these many years. Many of our Kfeirian families have been merged together when children and grand children of our founders met during these reunions and married. (Please forward your own personal story so it can be published in future newsletters!) We all have so much to be proud of even in the most difficult of times. I take personal pleasure each year to enjoy even more Lebanese food and fellowship in the room of Jeanette McCoy thanks to her wonderful cooking. I was a running late this year, however; her daughter Cheryl Slater corralled me in just time to finish their supply of Kibbee! (Thank you so much Jeanette for letting me in the door!) As with any reunion, Kfeirian or American, good food is a vital formula to a guaranteed good time.

Your board of trustees wants to thank all Kfeirians for their contributions to a wonderful reunion. Always remember it is our people that make our reunions a success. Kfeirians volunteering their own time despite commitments to their families, their work, and their communities. As I have said before, this dedication and unselfishness has made us a success and will continue to do so in the years to come as we go forward towards a century of our Kfeirian Reunion. I am personally humbled and take great pride by what Kfeirians have accomplished the past 78 years so we can keep the dream of our founders alive. It's not a self-pride, but pride in knowing my grandfather, Mike Abraham, once stood before the 1936 Reunion as master of ceremonies and 74 years later I stood before the 2010 Reunion in front of his son, my father Raymond with my son Michael beside me at the head table. A pride I know we all feel when we recall the memories of our loved ones and how they have influenced us today.

All reunions, no matter where the location is, are a special time where family and friends gather and a unique opportunity for younger Kfeirians to discover their legacy, their heritage and possibly discover family members they never knew. We proudly ask all Kfeirians to plan now for your 79th Kfeirian Reunion, Labor Day Weekend in Myrtle Beach, South Carolina.

May God bless all Kfeirians and their families with good health and financial peace for 2011 and beyond.

Sincerely yours,

Michael Abraham

".....the Kfeirian Reunion was founded for the purpose of getting acquainted and meeting old friends, and that our children who were born under the skies of Liberty will know each other, particularly their genealogy and where they came from."

(Please read the complete article reprinted in our 75th Reunion address book which was held in Huntington, WV, 2007) <http://www.spirit.com/>

Newsletter Funding

As we progress towards 100 years of the Kfeirian Reunion, communication is a key ingredient to our very existence. As families grow and move away from their hometowns, generational relationships are difficult to keep going year after year. Your board of directors values the importance of the newsletter to help keep those relationships strong so we all know what is going on within the Kfeirian Family.

Unfortunately, the cost of publishing and mailing the newsletter continues to increase in cost, coming to close to \$1,000 or more per edition. We are working towards making your newsletter available electronically to help reduce the cost, it is now available on our website www.kfeir.com, Face Book and we are building our e/mail database to be able to forward the letter to everyone within the database and then they can forward to other family members and friends. Besides reducing costs, the color version can be enjoyed by taking advantage of this technology.

As positive as all of this technology can be, we are still committed in making sure **ALL** Kfeirians receive a copy of the newsletter. Over 20 years ago mailing and publishing costs were offset by donations from the Kfeirian body, from a few dollars to a few hundred were given individually by our members. At this time, we are again asking for your assistance in helping us to reduce the costs of your newsletter so we can continue to keep in touch with our Kfeirian families. Any donations would be greatly appreciated and are tax deductible. Please be sure to designate on any checks "Newsletter" as all monies received would go directly into the reducing the cost of the publication. Mail to: Kfeirian Reunion Foundation, 25 Hillendale Drive, Huntington, WV 25705

In these difficult economic times, we understand the impact contributions can have on a family, so don't be discouraged if it's not possible to help at this time. You can contribute by sending any news about your family or an article on your family history. It is after all **YOUR** newsletter and we want it to be an important part of every Kfeirian Family.

Your board of directors thanks you for your time and consideration.

The Kfeirian Reunion Heritage Cookbook

For the 80th Reunion, we hope to have a Kfeirian Reunion Heritage Cookbook completed and ready for sale. All proceeds will go to the Kfeirian Reunion Scholarship. Before her death, Diann Michael had been working on the cookbook and heritage history for sometime and updated a lot of information about Kfeirian recipes, cooking, heritage and traditions during her recent trip to Lebanon and Syria, where she said eating was the major daily event! Traveling to the Kfeir and spending a month with her cousins from the Kfeir, she had a lot of new ideas and details about the food traditions through which our culture has been transmitted.

Diann said food and culture are almost synonymous for our people, as preparing serving and eating food is an all day, every day event. We will be continuing on with her vision of the Kfeirian Reunion Heritage Cookbook and it will be dedicated in honor of her memory.

As she wanted, we want family anecdotes about cooking, recipes, foods, and, especially, our grandmothers' and mothers' recipes, but we want pictures, from the old times, of our beloved cooking ancestors. Food stories, history and funny stories will all go into the cookbook. This is a major project, so we need everyone's cooperation! At this time, please forward to Gloria Hanna at Gloria_Hanna@comcast.net or give Gloria a call at (304) 523-8814.

A sample of our cookbook is an all time favorite: **HUMMUS (HOMOS/HOUMMOUS)**
Submitted by "The Hummus Queen," Gloria Hanna

Preparation

Drain chickpeas and rinse in cold water. Empty the drained chickpeas into a saucepan. Add water, but do not cover. Bring to a boil and cook for about 25-30 minutes on medium heat. Add a pinch of baking soda when chickpeas begin to boil. This will help soften the chickpeas to give a smooth consistency. Flour will achieve the same result; however, set aside to cool. Place cooled chickpeas, along with the water they were cooked in, into a food processor. Process until smooth. Begin adding tahini, then lemon juice. Continue blending until very smooth. Mash garlic with 1 tsp. salt and add to mixture along with the other teaspoon of salt. At intervals, stop and scrape the side of the bowl. You may continue to add salt, lemon juice, and garlic to taste. The consistency should be firmer than pudding, resulting in a thick, creamy texture. If hummus is getting the right consistency, but may need more lemon juice, use citric acid a pinch at a time. If hummus is chilled before use, you may need to "loosen" with a few tablespoons of water or lemon juice. Serve hummus in a bowl or platter with sides, garnish with parsley, and a little olive oil drizzled on the top. Serve with pita bread slices.

Hummus Throw Down a GREAT success!

At the 78th Reunion in Huntington we had a Hummus Throw Down just like on the Cooking Channel! Gloria Hanna submitted the original recipe, but added 2 TBLS. lebanee, coarsely chopped fresh mint leaves (about 1 TBLS) and this resulted in a creamier texture and a pleasant minty taste! I think this type of humus would make great appetizer. It has a cleansing effect to the palate. Joey Peck submitted a humus with shawarma spices), and an addition of za'atar. Julian Sadd submitted

the traditional humus that he offers in his store, and, as is often the case, the traditional recipe was the one favored by the crowd. Everyone had a great time tasting and voting, and our thanks go out to the cooks for this fun activity that we added to the Reunion schedule. People seemed to enjoy the idea, and the food, so we may have more at upcoming Reunions! There were about 35 people at the Throw Down.
